

**Schedule of Russian Congress with International Participation "Molecular Basis of Clinical Medicine: State-of-the-Art and Perspectives" Saint-Petersburg, Russian Federation, June 7 - 9, 2010**

		Lobby	Cogress Hall	Red Hall «A»	Red Hall «B»	Red Hall «C»	Red Hall «D»	Room #5	Room #6
June 6	15.00-18.00	Registration open							
	09.30- 11.10		<b>Welcoming Addresses. Memorial Session</b>						
	11.10 -11.30	Cofee break							
	11.30 - 14.00		<b>Plenary Session 1</b>						
June 7	14.00 - 15.00	Lunch							
	15.00 - 17.00		<b>Plenary Session 2</b>				Workshop "Progress in diagnosis and treatment of lysosomal diseases"		
	17.30 - 19.00		Lecture "Genetics in stroke"						
	9.00 - 10.00		Workshop "Hereditary and metabolic diseases"					Round Table "Rare diseases"	
	10.15 - 12.00		<b>Plenary Session 3</b>						
	12.00 - 12.20	Cofee break							
	12.20 - 14.00		Workshop "Mitochondrial diseases"		Symposium "Roche innovative technologies in genomics and molecular medicine"			Round Table "Rare diseases"	
June 8	14.00 -15.00	Lunch							
	15.00 - 17.00		Workshop "Inherited myopathies"	Symposium "Education and integration in medical genetics and molecular genetics"	Symposium "Molecular Oncohaematology"	Workshop "Rare disease in orthopaedy"	Symposium "Proteogenomic technologies as a new methodology of molecular genetics"	Symposium "Molecular basis of lipid metabolism disorders"	Symposium "Pharmacogenetics"
	17.15 - 19.00	Poster Session				Symposium "Issues of metrology, certification, and standartization in molecular medicine"			
	19.30	<b>Congress Dinner</b>							
	9.00 -11.00		Workshop "Cardiomyopathies"	Symposium "Molecular oncogenetics"	Symposium "Molecular genetic basis of thromboses"	Symposium "Prenatal diagnosis"	Symposium "Modern laboratory technologies. Quality control"	Symposium "Genetic diseases in pulmonology. Cystic fibrosis"	Round table "DNA technologies in forensic practice"
	11.00 -11.20	Cofee break							
	11.20-14.00		Workshop "Organic acidemias. Principles of clinical nutrition"	Symposium "Molecular neurology"	Symposium "Molecular cardiology"	Symposium "Reproductive genetics"	Symposium "Modern approaches to neonatal screening"	Symposium "Cell technologies"	Round table "DNA technologies in forensic practice" (continuation)
June 9	14.00-15.00	Lunch							
	15.00 -17.30		Workshop " Aminoacidopathies. Current approaches to diagnosis and treatment. Principles of clinical nutricion"	Symposium "Molecular endocrinology"	Symposium "Molecular cardiology" (continuation)	Symposium "Epigenetic and non-mendelian inheritance"	Symposium "Molecular allergology, pulmonology"	Symposium "Molecular basis of connective tissue disorders"	Symposium "Statistical technologies in medicine. Issues of terminology"
	17.45	<b>Closing ceremony</b>
